Reference: Letter of Recommendation – Allgreen Services, LLC

To Whom It May Concern:

Allgreen Services, LLC is the solid waste provider for the City of Glennville. With approximately 2,000 residential and commercial accounts in our City, Allgreen Services, LLC has continued to provide great service to our citizens with minimal issues. Such great service includes being very responsive to citizens' phone calls for new carts or garbage issues, timely invoicing, competitive pricing, interaction and direct correspondence with the Mayor and Council and city staff, support of City's events to include donation of use of construction dumpster for "Clean-up Day" event and annual festival, etc.

I have worked with Mr. Sam Sullivan for many years, and he has worked well with not only the individual cities but with the other cities in our county and the county to negotiate contracts throughout the county to reduce costs and provide greater efficiencies in the delivery of services to the taxpayers. If you have any specific questions or concerns, please feel free to contact me at 912-654-2461 or citymanager@cityofglennville.com
